Subject: RE: Information for next Monday's discussion on CSS StRAP Outputs
Attachments: Topics, RAs, outputs as of 7-11-18.xlsx

Hi all,

Similarly, I've attached a spreadsheet for SHC outputs. The 1st tab is a summary with topics, research areas, and short titles of the outputs, as well as areas where I think NERL might contribute. The second tab contains the longer version of the outputs, with the language that I have as of today. Some of these have already changed since the EC meeting (though I don't have those changes, so unsure what they are), so we will do our best to work with what we have in the attachment.

Talk to you all on Monday,
Jennifer

Subject: Information for next Monday's discussion on CSS StRAP Outputs

In preparation for next Monday's discussion on StRAP Outputs—I prepared the attached summary of the CSS Outputs to help answer Tim's questions in the email below

A few things to note:

Ex. 5 Deliberative Process (DP)

Please let me know if you have any questions or would like any additional details.

John

Subject: Draft StRAP Outputs

Hello All,

We had the discussion regarding the draft StRAP outputs during the EC meeting today. I have attached the set of slides that contain each NPD's proposed draft outputs. The request of the L/C Directors is to review the draft set of outputs and provide the following feedback:

- (1) Do we feel that the set of outputs is reasonable and feasible? If not, where are the challenges?
- (2) Are there any gaps or missing outputs that we were expecting to see that are not included?
- (3) Is there an output that is listed which we do not believe should be included?

The request is to provide feedback by next Wednesday, so here is my proposed path forward.

- Everyone review the attached document in advance of the NERL Sr Staff meeting next Monday (July 16).
- ALDs plan to provide their assessment of the above questions for their program at next Monday's NERL Sr Staff.
- DDs provide any additional input to ALDs by noon of next Tuesday (July 17).
- ALDs provide final assessment to the above questions to me by noon of next Wednesday (July 18).

A few other notes. At this time, we are not being asked to commit to anything specific regarding products that would be delivered to meet these outputs. I also ask that you not share this broadly at this time, as these outputs are still draft and subject to change based on feedback received from L/Cs and additional input from Program/Regional Offices.

Thanks and please let me know if you have any questions.
